Title: What Makes It Worth It

The Message: Humans are always looking for rewards. We decide on what actions we will take by deciding what's in it for us. We will do hard things only if the reward sounds good enough. Sometimes, being a Christian is hard, but think of the reward! Living right, helping others, loving God – all of these difficult things lead to eternal life in Heaven.

Title: Almost Blind

The Message: Sometimes, if it's dark or if we are blindfolded, it is hard to see what we are doing. Sometimes we have to do things without being able to see ahead of time how they will work out. Sometimes we just have to trust God because He can see everything.

Title: Trying to Hide It

The Message: It is easy to hide a candy or a paper in your pocket. It's harder to hide a spoon and it's impossible to hide a basketball. Lies are like that. It is easy to hide the little ones, but they grow and they grow until someone notices them. What we often forget, is that God sees even the little lies.

Title: The Finish Line

The Message: We run many races in our lives. It's good to know that the final finish line is in Heaven.

Title: Heads or Tails

The Message: There are a lot of things that we have to guess about in life. When you flip a coin, there are two ways that it can land – heads or tails. You can never predict what will happen. Fortunately there is something in life that always has the same answer no matter what happens. God loves us. We never have to guess about that.

Title: Different Toppings

The Message: Some people eat peanut butter with jam. Some prefer honey or banana or chocolate. Some people prefer more unusual toppings like butterscotch or ketchup. You never know what to expect when people are making choices. On the other hand, we always know what to expect from God, and we know whatever He chooses for us will be wonderful.

Title: Guess or Expect

The Message: Sometimes in life, things happen that are not in our control. Sometimes we just have to guess what we think will happen. However, it's not that way with God. The Bible tells us what to expect from God. We might not know when things will happen, but we know what things will happen eventually.

Title: Remembering Victories

The Message: Saturday is Remembrance Day, a time for us to remember all of the people who were willing to protect our country so that we could enjoy peace and prosperity. Christ was willing to stand up for us, as well. Everyday we should remember how He died to save us from sin.
